

North East Precision

ISO 9001:2015 Certified

Environmental Compliance

At North East Precision CNC, environmental stewardship is integral to our operations. We aim to surpass both customer expectations and regulatory standards for environmental performance. This document details our proactive measures to uphold compliance with both global and local environmental concerns , when required by customer purchase orders.

EU RoHS: North East Precision CNC attests to the best of our knowledge based on our material vendor's material certifications that our materials used are RoHS compliant.

EU REACH ANNEX XIV, XVII, SVHC: North East Precision CNC attests to the best of our knowledge based on our material vendor's material certifications that our materials used comply with the guidelines of REACH.

TSCA: North East Precision CNC attests to the best of our knowledge based on our material vendor's material certifications that our materials used comply with the Toxic Substances Control Act.

California Proposition 65: North East Precision CNC will comply with this regulation by notifying customers of the presence of substances in our products that could cause cancer, birth defects, or other reproductive harm by issuing a Prop 65 warning on packing slips shipping to California as a precaution when requested by our customers.
